# MAT Intranet

## Ideal for Schools

Everything is possible with Frog

A central place where everyone can locate the latest information and a source of truth for school/MAT policy documentation.

Promotes Collaboration | Removes Geographical Barriers | Ideal for Large Organisations

[frogeducation.com/academy](https://frogeducation.com/academy)

Effectively communicate and collaborate across a school, learning alliance or MAT. Centralise administration to ensure one source of truth for important documentation. Ready to customise in **FrogLearn**.

## CENTRALISE COMMUNICATIONS

Avoid duplication and reduce email messages with a centrally run intranet. Managing communications in this way provides control over the quality and quantity of messages issued. Updates are only made once so that everyone gets the same information at the same time.

## CUSTOMISE DASHBOARDS

As a central hub, the intranet is the first thing that everyone sees and a direct route into all school/MAT systems and resources. Dashboard views are customisable so that each stakeholder sees what they need to see.

## REDUCE ADMINISTRATION

With communications centrally managed, administration is controlled, and duplication of effort avoided. Multiple email communications can be replaced with a single update which reduces the number of messages circulated to individual inboxes. This helps to remove potential communication errors.
