# Digital Letters

FROM **GREENSHAW HIGH SCHOOL**

---

## Story

After realising we were spending thousands on sending out letters to parents, **FrogLearn** enabled us to create a digital space for each individual parent, giving them convenient access without the worry of losing a piece of paper!

## Impact

The office staff have saved hours of time, printing, stuffing envelopes and sending to all parents.

This has also saved us thousands on printing and posting!

**£1 Million**

**CHALLENGE**
