SAVING MONEY

REDUCING TEACHER WORKLOAD

IMPROVING OUTCOMES

Frog at the heart of a curriculum

FROM **FINHAM PRIMARY SCHOOL**

Story

"The central need in raising pupils' levels of attainment is to drive their ownership of learning. Frog provides the tools for this and the environment to share and learn from each other"

We constantly use **FrogSnap** to show and share successes both Internally and with parents.

Impact

There is a real buzz within the school and we can see the impact in the engagement of the children, their productivity and the outcomes of their work.
